EUROPE BIKE SALES - INSIGHTS RECOMMENDATIONS

KEY INSIGHTS

- Bikes generate the highest share of total revenue.
- Australia is one of the strongest performing markets.
- Revenue shows noticeable variation across different years.
- Road Bikes generate the highest profit among the sub-categories.
- Some sub-categories have significantly lower profit and may require sales improvement strategies.

RECOMMENDATIONS

* Focus marketing and inventory on high performing product categories.
* Increase promotions for low-performing sub-categories.
* Analyze successful markets and apply simlar strategies in weaker countries.

*Focus on products with higher profit margins to improve overall profitability
